

**150 Years to Light and Warm**  
**CONFHIC || 1871-2021**

***Lucere! Fovere!***  
***Light up and Warm up!***  
***Lucere! Fovere!***  
***Light, Light... and warm!***

1. With eternal love, Lord, you created us.  
To be a Charism in expression.  
In the middle of the "impossible" You dreamed of us  
Grateful memory is our gratitude.

2. Make us an open house to all who arrive  
Without knowing You, they insist on looking for.  
Tired, aimless and so lost  
Looking for a port to anchor.

3. Lead our helm, for the winds are adverse  
Open our tent to the migrante, to the foreigner.  
Give us the audacity of Clara and Raimundo  
To offer the world a hospitable being.

4. Set the new fire to set the world on fire  
Revive in all of us the gift of do good.  
We want anchor our life in You  
In the mission of lighting and warming.
